Millard E. Gyte Building (GYTE) First Floor

Building Text Description

Building Location:
The Millard E. Gyte Building (GYTE) is located in the northwest corner of the Hammond campus, east of Woodmar Ave. and southwest of 169th Street parking, just south of the Gyte Annex Building, northwest of the Founders Plaza, and west of Porter Hall. GYTE is located on the Peregrine Path.

Entrances:
There are ten (10) entrances into GYTE on the first floor.

- The **Main Entrance** (G3) leads into the south central hallway and the south stairway.
  - There are stairs leading into the south central hallway from the main entrance in addition to two sets of double doors separating the entrance and the hallway.
  - This entrance has three sets of exterior double doors around a corner, two on the south side and one on the east side.
  - There is a sidewalk leading up to this entrance.
- The **Accessible Entrance** (G7) leads into the south central hallway.
  - This entrance is ADA accessible. There is a ramp to access this entrance.
  - This is a single door entrance.
- The **North Entrance** (1H08) leads into the north hallway.
  - This entrance is part of the Peregrine Path and connects to the Gyte Annex Building.
  - This is a double door entrance.
- The **Northwest Entrance** (G5) leads into the northwest stairway, which leads into the corner of the west hallway and the northwest hallway.
  - This entrance has two sets of two double doors, separated by the stairway.
  - There are stairs leading from the entrance into the hallway.
  - There is a sidewalk leading up to this entrance.
- The **West Entrance** (G4) leads into the southwest stairway, which leads into the corner of the west hallway and the south hallway.
  - This entrance has two sets of two double doors, separated by the stairway.
  - There are stairs leading from the entrance into the hallway.
  - There is a sidewalk leading up to this entrance.
- The **South Entrance** (G9) leads into the lecture room 107. There are exterior stairs leading up to this entrance.
• The **Southeast Entrance** (G1) leads into the entryway, room 183, and the lobby, room 182.
  o This entrance has two sets of two double doors separated by a vestibule.
  o There are stairs leading from the entryway into the lobby.
• The **Northeast Entrance** (G2) leads into the northeast stairway, which leads into the east end of the north central hallway.
  o There are two double doors leading into a vestibule, and a set of double doors leading into the stairway.
  o There are stairs leading from the entrance into the hallway.
• The **Peregrine Path Entrance** (G6) leads into the north hallway.
  o The entrance leads into the hallway that connects to the Gyte Annex building and is part of the Peregrine Path.
  o There are exterior stairs leading up to this entrance.
• The **Receiving Entrance** leads into the receiving area, room 155. There are exterior stairs leading up to this entrance.

**Elevators:**
There are two (2) elevators in GYTE.

  • The **East Elevator** (1E02) is located off of the receiving area, room 155.
  • The **West Elevator** (1E01) is located off of the northwest hallway near the intersection with the south central hallway.

**Stairs:**
There are nine (9) stairways on the first floor of GYTE.

  • The **Main Entrance Stairs** (1S07) are located at the main entrance and connect the south central hallway and the main entrance.
  • The **South Stairway** (1S03) is located off of the main entrance and the south hallway. There is a double door entrance opening into the stairway from the hallway. This stairway leads onto the ground floor and the second floor.
  • The **Southwest Stairway** (1S05) is located at the west entrance and the corner of the south hallway and the west hallway. The stairway leads onto the second floor, the ground floor, and connects the entrance to the hallway through two sets of double doors opening into the stairway.
  • The **Northwest Stairway** (1S04) is located at the northwest entrance and the corner of the west hallway and the northwest hallway. The stairway leads onto the second floor, the ground floor, and connects the entrance to the hallway through two sets of double doors opening into the stairway.
  • The **North Central Stairway** (1S02) is located off of both the north hallway and north central hallway with single doors opening both into the hallway and into the stairway, respectively. The stairway leads onto the second floor and the ground floor.
• The **Northeast Stairway** (1S01) is located at the northeast entrance and the east end of the north central hallway. The stairway leads onto the second floor, ground floor, and connects the entrance to the hallway through a set of double doors opening into the entrance vestibule.

• The **East Stairway** (1S06) is located off of the east side of the lobby, room 170. The stairway leads onto the ground floor.

• The **Southeast Stairway** (1S08) is located off of the west side of the lobby, room 182. The stairway leads onto the second floor.

• The **Southeast Entrance Stairs** (room 183) are located at the southeast entrance, connecting the entryway to the lobby.

**Restrooms:**
There are five (5) public restrooms on the first floor of GYTE.

• The first set of restrooms are located off of the northwest hallway, rooms 125 and 129.
  o The women’s restroom is room 125A, with a lounge area in room 125.
  o The men’s restroom is in rooms 129 and 129A.

• There is a single user, unisex restroom in room 147. This restroom is ADA accessible.

• The second set of restrooms are located off of the north central hallway, rooms 149 and 150.
  o The men’s restroom is room 149.
  o The women’s restroom is in rooms 150 and 150A.

**Building layout (hallways & open areas):**
There are seven (7) hallways and one (1) open area on the first floor of GYTE. In the west side of the building, four of the hallways connect to form a rectangle, which connects to the main entrance and the west end of the north central hallway.

• The **Lobby** is rooms 182 and 170, located off of the southeast entrance; the lobby is two connected rectangle areas which connect to the south end of the east hallway.

• The **South Hallway** (1H06) runs east to west, connecting to the main entrance, the south central hallway, the west hallway, the west entrance, the southwest stairway, and the south stairway.

• The **West Hallway** (1H07) runs north to south, connecting to the south hallway, the northwest hallway, the west entrance, the northwest entrance, the southwest stairway, and the northwest stairway.

• The **Northwest Hallway** (1H04) runs east to west, connecting to the south central hallway, the west hallway, the northwest entrance, the northwest stairway, and the west elevator.

• The **South Central Hallway** (1H05) runs north to south, connecting to the northwest hallway, the north central hallway, the main entrance, and the south hallway.
• The **North Hallway** (1H08) runs north to south, is part of the Peregrine Path connecting to the Gyte Annex building, and connects to the north entrance, the Peregrine Path entrance, the north central stairway, and the north central hallway, which is separated from the north hallway by double doors opening toward the north central hallway.

• The **North Central Hallway** (1H02) runs west to east, connecting to the south central hallway, the north hallway, the east hallway, the north central stairway, the northeast entrance, and the northeast stairway.

• The **East Hallway** (1H03) runs north to south, connecting to the north central hallway, the lobby, and the receiving area. There are double door separating the hallway from the lobby, and the north end of the hallway.

**Room Locations:**

• Classrooms with stationary seating are rooms 108 and 116. Lecture Rooms with unmovimg tablet arms are rooms 103 and 107.

• Rooms 100 – 108 are located off of the south hallway in ascending order, east to west.

• **Student Tutoring** is in room 104, located off of the south hallway, with a double door and a single door entrance into the room. Rooms 104A – 104D are located off of this room in ascending order, going counter-clockwise from the northeast corner. There is a door connecting this room to rooms 100 and 106. Room 104A has a door into room 132.

• The **Biology/Chemistry/Physics Lab** is room 105, located off of the south hallway, with a double door entrance. Rooms 105A – 105F are located off of this room in ascending order, going clockwise, starting in the northeast corner. Room 105 has a double door connecting it to room 103, and room 105D has a double door connecting it to room 107.

• Rooms 108 – 115 are located off of the west hallway in ascending order south to north.

• Rooms 116 – 131 are located off of the northwest hallway in ascending order west to east.

• The **Physics Lab** is room 118, located off of the northwest hallway, with two single door entrances. There is also a door connecting to room 122.

• The **General Physics Class Lab** is room 126, located off of the northwest hallway, with two single door entrances. There is also a door connecting to room 122.

• **Computer File Services** is in room 131, located off of the northwest hallway.

• Room 132 is located off of the south central hallway.

• Rooms 133 – 151 and 181D are located off of the north central hallway in ascending order west to east.

• The **Learning Technologies Meeting Room** is 134, located off of the north central hallway.

• **Advanced Physics and Astronomy** is in room 136, and is located off of the north central hallway, with two single door entrances at either end of the room. There is a door connecting this room to the chemistry and physics computer lab, room 140.
- The Chemistry & Physics Computer Lab is room 140, located off of the north central hallway. There is a door connecting this room to advanced physics and astronomy, room 136.
- The Physics Research Lab is room 142, located off of the north central hallway.
- Room 143 is a Computer Lab, located off of the north central hallway, with two single door entrances. Room 145 is accessible via the computer lab.
- Room 148 is a Computer Lab, located off of the north central hallway.
- Rooms 153 – 158 and 181C are located off of the east hallway in ascending order, going clockwise starting in the northwest corner.
- The AV Workroom is 153, located off of the east hallway.
- The Mail Room is 156, located off of the east hallway.
- Room 158A is a Computer Lab, located off of the east hallway.
- Rooms 171 and 181 are located off of the lobby.
- The Conference Room is 181C, located off of room 181 which is off of the lobby, and the conference room also has an entrance off of the east hallway.
