

Tier 1 LABS

Tiered Lab Benefits Save You Money on All Three Purdue Medical Plans

The next time you need a lab test, talk with your doctor about choosing a Tier 1 lab to help save money. Most doctors are willing to use the lab that best meets your needs. Generally, the cost for a lab test at a Tier 1 lab will be less than if you had the test done at a hospital or the doctor's office, even if the hospital or doctor participates in-network. To use a Tier 1 lab, ask your doctor to fax a lab order to your preferred Tier 1 facility or take a written and signed order with you when you go to the lab. The following information may change without notice. Please confirm by contacting the lab of your choice to verify location and participation in the network.
