

## IT'S TIME FOR YOUR ANNUAL FLU SHOT

### Why do I need a flu shot?

Influenza is a serious disease and the flu vaccine is the best way to reduce the risk of contracting the flu and spreading it to others. The CDC recommends all persons age 6 months and older receive the vaccine, especially those at higher risk for influenza-related complications such as pneumonia or persons who are in close contact with such individuals.

### What are the risks from getting a flu shot?

According to the CDC, the risk of a flu shot causing serious complications is extremely small and most people who receive the vaccine have no serious problems. You cannot get the flu from a flu shot.

### Where can I go to get the flu shot?

Franciscan WorkingWell ON-SITE makes it convenient for you. We will be on-site at your workplace to administer flu shots (see page 2 for scheduled dates/locations).

### Is there a charge for the flu shot?

- All Purdue University Northwest benefits-eligible employees, official retirees, and their spouses may receive the flu shot **FREE OF CHARGE!**
- **NEW THIS YEAR:** WorkingWell will be offering FluBlok, a more concentrated dose of flu vaccine, to all participants age 65 and over.
- **PLEASE NOTE:** Those who are covered by the university's health insurance plan must bring their card to receive this benefit.
- All others can receive the vaccine for only \$28 (\$65 for FluBlok). Now accepting credit and HSA cards. Make checks payable to Franciscan WorkingWell.

### Is there anything else I need to know?

- For further information regarding the flu vaccine please see the CDC Flu Vaccine Information sheet. Copies will be available at the on-site event.
- We also recommend that you wear a short-sleeved shirt.
- **You will be required to wear a mask.**
- **Please register for an appointment. Walk-ins may be turned away and asked to return at a later time.**

**See page 2 for details on scheduling your appointment.**
