- Name the **Category**. Categories allows you to group related items together and:

- **Filter your view of the Grade Center.** For example, you can view only assignment columns in the Grade Center grid.
- **Calculate grades.** For example, you can assign a weight to a category when you calculate final grades with a weighted column.
- **Create a smart view.** A smart view is a focused look at the Grade Center that shows only the columns that match a set of criteria. For example, you can create a smart view that only displays columns associated with the test category.
- **Create a report.** You can create a printable report that displays statistics of performance for all the columns in a certain category.

- You may add a Category by selecting **Manage** in the Full Grade Center, click **Categories, Create Category**.

- Add **Possible Points** and **Rubric** (optional).
