2016

Andrey A. Potter Building (POTT) First Floor

Building Text Description

Building Location:

The Andrey A. Potter Building (POTT) is located in the northwest corner of the Hammond campus, east of Woodmar Ave. and west of 169th Street Parking, southeast of the Classroom Office Building, just north of the Gyte Annex Building and just east the Powers Building. POTT is located on the Peregrine Path.

Entrances:

There are four (4) entrances into POTT. There is pavement leading up to all of these entrances.

- The **East Entrance** (P1) leads into the west end of the north hallway and the north stairway.
 - This entrance is ADA accessible.
 - This entrance has two sets of double doors separated by a vestibule (1S02).
- The **Northwest Entrance** (P2) leads into the corner of the north hallway and the west hallway.
 - This entrance is part of the Peregrine Path, connecting to the Classroom Office Building.
 - This entrance has two sets of double doors separated by a vestibule (1H04).
- The **Southwest Entrance** (P3) leads into the south end of the west hallway.
 - This is a double door entrance.
 - This entrance is part of the Peregrine Path, connecting to both the Gyte Annex Building and the Powers Computer Education Building.
- The **Receiving Entrance** (P4) leads into the receiving room, 102, which connects to room 104 and the south hallway. This is a double door entrance.

Elevators:

There is one (1) elevator in POTT. The elevator (1E01) is located off of the south hallway.

Stairs:

There are two (2) stairways in POTT.

- The **North Stairway** (1S02) is located at the east end of the north hallway through a set of double doors that is also part of the east entrance.
- The **South Stairway** (1S01) is located at the south end of the west hallway and at the west end of the south hallway through a set of double doors.

Restrooms:

There is one set of public restrooms on the first floor of POTT, located off of the west hallway. These restrooms have stalls.

- The **Women's Restroom** is room 118.
- The **Men's Restroom** is room 116.

Building layout (hallways & open areas):

There are three (3) hallways on the first floor of POTT.

- The **West Hallway** (1H02) runs north to south, connecting with the southwest entrance, the south stairway, the south hallway, the northwest entrance, and the north hallway.
- The **North Hallway** (1H01) runs west to east, connecting with the west hallway, the east entrance, the northwest entrance, and the north stairway.
- The **South Hallway** (1H03) runs west to east, connecting with the west hallway, the elevator, and the receiving room.

Room Locations:

- Rooms 100 – 104 are located off of the south hallway in ascending order west to east. Room 104 is off of room 102.
- The **Grad Research Lab** is room 104, located off of the receiving room, which is off of the south hallway and the receiving entrance.
- Rooms 107 – 119 are located off of the west hallway in ascending order south to north.
- The **Microprocessor Hardware Lab** is room 108, located off of the west hallway and off of the grad research lab through double door entrances. The **Faraday Room/Research Room** is 108A, accessible off of this room.
- The **Advanced Process Control & Power Lab** is room 112, located off of the west hallway and off of the grad research lab through a double door entrance.
- The **Mechatronics Engineering Technology Lab** is room 113, located off of the west hallway.
- Rooms 121 – 127 are located off of the north hallway in ascending order west to east.
- The **Conference Room** is 121A, located off of room 121, which is off of the north hallway.
- The **Research Lab** is room 124, located off of the north hallway.
