Schneider Avenue Building (SAB) First Floor

Building Text Description

Building Location:

The Schneider Avenue Building (SAB) is located on the corners of 169th St., Schneider Avenue, and Osborn Avenue.

Entrances:

The first floor of the SAB has four (4) entrances.

- The **Main Entrance** is the east entrance, which leads into the southwest hallway
 - This is an ADA accessible entrance.
 - There is an interior and an exterior set of doors at this entrance, separated by a vestibule.
 - This entrance has double doors.
 - There is pavement leading up to this entrance.
- The **Northeast Entrance** leads into the northeast hallway.
 - This has stairs leading up to it.
 - This is a single door entrance.
 - There is pavement leading up to this entrance.
- The **Southeast Entrance** leads into the southeast hallway.
 - This entrance has stairs leading up to it.
 - This is a single door entrance.
 - There is pavement leading up to this entrance.
- The **North Entrance** leads into the northwest stairway. This is a single door entrance.

Elevators:

There are two (2) elevators in SAB.

- The **South Elevator** (1E01) is located in the southwest hallway with the doors opening into the nook it creates.
- The **North Elevator** (1E02) is located at the north end of the east hallway with the door opening into the hallway.

Stairs:

There are seven (7) sets of stairs in SAB.

- The **South Stairway** (1S02) is located at the south end of the south hallway through a doorway which opens into the stairway.

- The **Southwest Stairway** (1S01) is located off of the northwest hallway through a doorway which opens into the stairway.
- The **Northwest Stairway** (1S03) is located at the northern end of the northwest hallway, through a door which opens into the stairway.
- The **Main North Stairway** (1S05) is located at the north end of the east hallway, through a door that opens into the stairway.
- The **West Stairway** leads to the ground floor of the east side of the building. It is located off of the northwest hallway, with a door opening into the stairway.
- The **East Stairway** (1S04) is located off of the northeast hallway.

Restrooms:

There are two (2) restrooms on the first floor of SAB.

- The first set of restrooms is off of the southwest hallway with the room numbers 1012 and 1010A. They are in the southwest corner of the building.
 - These restrooms have stalls.
 - Room 1010A is a women's restroom. Entrance to the women's restroom from the hallway is through the restroom lounge.
 - There is a **Restroom Lounge**, room 1010, directly outside of the women's restroom.
 - Room 1012 is a men's restroom.
- The second set of restrooms is located off of the southeast hallway, room numbers 1101 and 1103.
 - These restrooms have stalls.
 - These restrooms have a handicap stall.
 - Room 1101 is a women's restroom.
 - Room 1103 is a men's restroom.

Building layout (hallways & open areas):

There are seven (7) hallways in SAB.

- The **Southwest Hallway** (1H02) is located in the southwest corner of the building with an open area around the south elevator, and runs east to connect with the southwest hallway, and west to the main entrance and the open area around it.
- The **South Hallway** is located in the southwest corner of the building. The hallway runs south to north, connecting to the south stairway through a door opening into the stairway, and to the northwest hallway through a door opening into the northwest hallway.
- The **Northwest Hallway** (1H03) is located in the northwest section of the building, running north and south, connecting to the northwest stairway and the south hallway. There are double doors which open in both directions separating the northwest hallway, and the door connecting it to the northwest stairway opens into the stairway.

- The **Central Hallway** (1H04 and 1H05) is located between the west and east sides of the building, connecting the two sides. It runs both west to east and north to south. The hallway connects with the northwest hallway and the southeast hallway. The hallway has a door separating itself at its corner turn, opening into the corner.
- The **Southeast Hallway** (1H06) is located in the southeast side of the building, running west to east. The hallway connects with the central hallway and runs east to the southeast entrance. It connects with the east hallway.
- The **East Hallway** (1H07) is located in the east side of the building, running north to south, connecting with the southeast hallway, the northeast hallway, the north elevator, the east stairway, and the main north stairway. The door connecting the east hallway with the main north stairway opens into the stairway.
- The **Northeast Hallway** (1H08) is located in the northeast section of the building, running west to east, connecting to the east hallway and the northeast entrance. The northeast entrance's door opens to the outside.

Room Locations:

- The **Front Desk** and **Reception** are in room 1005, located off of the southwest hallway, directly across from the main entrance.
 - This includes 1005A-1005G, which are in alphabetical order starting in the southwest corner and rotating counter-clockwise.
 - The rooms are accessible via the internal hallway that corners around the main front desk and reception area.
 - The inner hallway connects to the southwest hallway via a single door which opens into the hallway.
 - The inner hallway connects to the northwest hallway via a single door which opens into the hallway.
 - Each room's entrance is through a single door which opens into the room.
 - The **Conference Room** is room 1005C, located in the southeast corner of the inner hallway with a doorway that opens into the room.
 - One of the **Workrooms** is room 1005D, located on the east side of the inner hallway with a door which opens into the room.
 - The main front desk and reception area is accessed via a pair of double doors which open into the southwest hallway.
- Rooms 1005-1012 are located in the southwest hallway, in ascending order from north to south.
- The **Restroom Lounge** is room 1010, located outside of the women's restroom and off of the southwest hallway.
- Rooms 1020-1036 are located in the south hallway in ascending order from south to north.

- One of the **Workrooms** is room 1031, located off of the south hallway with a door opening into room.
- **Reception** is in room 1032, located off of the south hallway; the entrance into this room does not have a door.
- One of the **Workrooms** is room 1036, located off of the south hallway with a door that opens into the room.
- Room 1046 and rooms 1055-1062 are located off of the northwest hallway in ascending order from south to north.
- The **Kitchen** is room 1046, located off of the northwest hallway, with a door opening into the kitchen.
- One of the **Workrooms** is room 1055, located off of the northwest hallway with a door opening into the workroom.
- Room 1052 is located off of the central hallway with a door opening out into the hallway.
- Rooms 1101-1117 are located off of the southeast hallway in ascending order, from west to east.
- The **Student Workers Office** is room 1111, located off of the southeast hallway, with a door opening into the room.
- Rooms 1122-1126 and rooms 1141-1153 are located off of the east hallway in ascending order from south to north.
- One of the **Workrooms** is room 1141, located off of the east hallway with a door opening into the room.
- Rooms 1131-1139 are located off of the northeast hallway in ascending order from west to east.
