Dr. Jonathan Kuhn
Math/Statistics/Physics Department
Schwarz Building

Dear Dr. Kuhn,

It is my pleasure to notify you of your selection as a recipient of a 2005 Student Support Services Most Accessible Professor Award. The Award will be presented to you at the 20th Annual Student Support Services Recognition Reception to be held on Wednesday evening, April 27, 2005 at 6:00 p.m. in LSF 144.

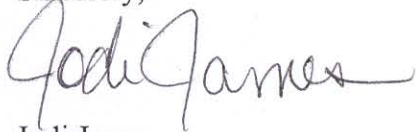

The Most Accessible Professor award is given each year to individuals who have accommodated students with disabilities at Purdue University North Central. Students with disabilities are asked to nominate a professor who has been especially accessible to them and met the needs of their disability. They are also told that this does not mean the professor lowered their standards for them, but that they used creative solutions to help students with disabilities have an equal opportunity in their course.

The students and staff of sSs are very pleased to honor you this year for your contributions.

Please let us know if you plan to attend the Reception by April 20, 2004. We would also, for planning purposes, appreciate knowing if family and friends will accompany you. Refreshments will be served at 5:30 with the awards presentation beginning at 6:00 and ending at approximately 7:30 p.m.

I hope that you will be able to arrange your schedule to join us.

Sincerely,

Jodi James
Disability Services Coordinator
Student Support Services
