My instructor's explanations and comments are helpful.	16	0	6.2	0	18.8	75	4.6			4.8			
Comments	7	<ul style="list-style-type: none"> I had a great learning experience in this class. He always stayed after class to answer my questions. Professor Kuhn is a very informative teacher. You can really tell that he loves to teach. He makes the class fun, but also challenging. Using MathXL for the first time, was a good experience, however, I wished that Professor Kuhn would explain more about the program. There were little details that the program wanted that you were not informed of. It was rather frustrating. Also when using mathxl, after you finished the assignment, you did not have the opportunity to go back and see what you did wrong. How are we suppose to learn from our mistakes if we can't go back and review them? Overall, I learned a lot in Professor Kuhn's class. His attendance worksheets that we printed off for each class were very informative, detailed and helpful. I would recommend Professor Kuhn for STAT 213. This was my second course with Jon and I would recommend him to anybody. Great Teacher! Professor Kuhn is a very knowledgeable teacher who is always prepared in class. Statistics is not an easy class in my perspective, however, he goes through a variety of different examples to help our class learn the material. One thing I commented him on is he is very personal with questions and just being a good teacher. It is nice to hear a teacher say your first name when you walk into a class and ask how your day is going, or when you have a question he will help you out until you learn it. Professor Kuhn is an awesome teacher. He explains everything really well. He is always willing to help out students even on his own time. He prepares us very well for tests and quizzes and is very positive. He never says anything negative, it's like he is always happy to be teaching. great prof! Would really enjoy taking another course from him!

Comments	3	<ul style="list-style-type: none"> Prof. Kuhn does an excellent job explaining the material in class and answering all questions. I am really enjoyed this course and will highly recommend Prof. Kuhn to other students. He has made a dull subject fun! There was a lot covered in a short amount of time. Prof. Kuhn did a great job explaining course topics. Great class with a great teacher!
