Course set up very professional. Well organized.

Professor Kuhn is very easy to get in contact with if you ever have any questions. I rarely needed assistance outside class because his lectures are enough for me to understand the material. I don't care for mymathlab, (I don't think anyone does).

The amount of homework isn't necessarily a problem although the sheer amount per assignment is a tad much. Having a job and 3-4 other classes makes it extremely tough to find time to do assignments that often take 3 or more hours.
